

AVAILABILITY OF INFORMATION

It is important that there is a free flow of information between coaches/volunteers, children and parents, in terms of promotion of the club and what we aim to achieve in relation to your child.

Clubs should obtain information from parents by using the Parental Consent Form in the resource section. Coaches should not coach a child unless they have a signed Parental consent form.

Parents should know what we do and how we do it, and the coaches/designated person will always be on hand during, or after coaching sessions, for consultation or advice.

When appropriate, letters (or telephone contact) will be issued in relation to further information or specifics in respect of an event etc.

A regular review of club policies will take place through meetings with coaches/volunteers and feedback from children and parents.
